I Sometimes feel sorry for being
born a woman.
I am disappointed for being a
woman in this lifetime.
I am deeply, completely and
consciously accepting myself.

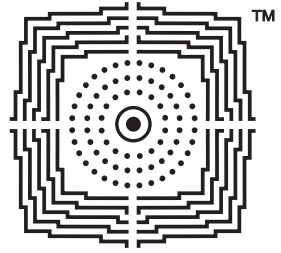

Being a woman I am undergoing
many disappointments,
First my period, so much of pain,
so much of discomfort,

Then all the people around me,
Mother-in-Law, Sister-in-Laws,
Husband, Boyfriends and
Male Colleagues.

Then all the things that i cannot do
because i am a woman.
I feel Helpless, Frustrated, Hurt,
Not Wanted.

No one seems to understand
what i am going through,
I am deeply, completely and
consciously accepting myself.

But what can I do?
God this is your divine plan and
divine direction for my soul's
many lives.

I am deeply, completely and
consciously accepting myself.

God, I am accepting your
divine plan and divine direction.

The soul within me is not a woman
or a man, I am your divine spark,
I am your child,
I am deeply, completely and
consciously accepting myself.

God, You know that only by
being a woman in this life,
I am able to balance my karma,
so that I can go towards you, Merge
with you and become one with you.
I am deeply, completely and
consciously accepting myself.

God, Thank you for made me
a woman in this life time.
I am deeply, completely and
consciously accepting myself.

God, Thank you,
Thank you, Thank you.
